

## SERVICE AGREEMENT

Dear parents,

Thank you for enrolling in the Eagles' Nest Parent Co-op program for the year 2022-2023. As a Parent Co-op program, every parent's participation is expected and required to ensure quality, uninterrupted care for our children during the school year.

Eagles' Nest closely follows the Acaciawood school year, which starts early August and ends late May the following year. It is important that parents are committed to serve in the Eagles' Nest Co-op for the duration of the school year. In the event of a change, parents should, if possible, give a one-month notice to Eagles' Nest in order to provide sufficient time to make alternate arrangements with substitutes. **If a parent is sick or is unable to serve on a scheduled day, the parent is responsible to find a replacement by switching service times with other parents in the program or find a substitute.**

The success of Eagles' Nest stands on the prayer, fellowship, and commitment of every parent. May we all work together and support one another to properly care for the precious vessels that have been entrusted to us. Please sign and date the form as a commitment to serve for the 2020-2021 school year and to adhere to the agreement stated above.
